

**Table C2.1**  
**Adult Self-Reported Current Asthma Prevalence Rate (Percent)**  
**by Sex and State: BRFSS 1999**

Note 1: CI designates confidence interval.

| State | Male        |                      |                |              |              | Female      |                      |                |              |              |
|-------|-------------|----------------------|----------------|--------------|--------------|-------------|----------------------|----------------|--------------|--------------|
|       | Sample Size | Prevalence (percent) | Standard Error | Lower 95% CI | Upper 95% CI | Sample Size | Prevalence (percent) | Standard Error | Lower 95% CI | Upper 95% CI |
| AZ    | 710         | 4.5                  | 1.17           | 2.2          | 6.8          | 1,028       | 6.4                  | 1.11           | 4.2          | 8.6          |

Footnote 1: If values for the standard error and the 95% confidence intervals are not provided, the normal approximation to the binomial distribution does not apply because of the small sample size.

Footnote 2: When the sample size is less than 50, estimates are not precise and should be interpreted with caution.
