

Data Brief 296. Variation in Adult Day Services Center Participant Characteristics, by Center Ownership: United States, 2016

Data table for Figure 1. Percent distribution of race and ethnicity among adult day services center participants, by center ownership: United States, 2016

Center ownership type	Hispanic		Non-Hispanic white		Non-Hispanic black		Other race and ethnicity ¹	
	Percent	SE	Percent	SE	Percent	SE	Percent	SE
All participants	22.6	0.5	42.1	0.6	15.4	0.3	18.2	0.6
Participants in for-profit centers	29.2	0.8	31.3	0.9	13.9	0.5	23.8	1.0
Participants in nonprofit centers	15.3	0.6	54.0	0.7	17.0	0.4	12.0	0.6

¹Includes non-Hispanic American Indian or Alaska Native, non-Hispanic Asian, non-Hispanic Native Hawaiian or Other Pacific Islander, non-Hispanic of two or more races, other category not reported in the center's system, and unknown race and ethnicity.

NOTES: Percentages are based on unrounded numbers; estimates may not sum to totals because of rounding. See "Data source and methods" for details on the study and methodology. SE is standard error.

Data Brief 296. Variation in Adult Day Services Center Participant Characteristics, by Center Ownership: United States, 2016

Data table for Figure 2. Selected sociodemographic characteristics among adult day services center participants, by center ownership: United States, 2016

Center ownership type	Participants with some or all services paid by Medicaid in last 30 days		Aged 65 and over		Female	
	Percent	SE	Percent	SE	Percent	SE
All participants	65.8	0.7	62.6	0.6	58.2	0.2
Participants in for-profit centers	73.0	1.0	65.4	0.8	58.7	0.3
Participants in nonprofit centers	57.5	0.9	59.5	0.8	57.6	0.3

NOTES: Changes in wording in the 2016 Medicaid use item may have contributed to a difference in estimates from earlier surveys. See "Data source and methods" for details on the study and methodology. SE is standard error.

Data Brief 296. Variation in Adult Day Services Center Participant Characteristics, by Center Ownership: United States, 2016

Data table for Figure 3. Selected diagnosed medical conditions among adult day services center participants, by center ownership: United States, 2016

Center ownership type	Diabetes		Alzheimer disease or other dementias		Depression		Intellectual or developmental disability		Heart disease		Severe mental illness	
	Percent	SE	Percent	SE	Percent	SE	Percent	SE	Percent	SE	Percent	SE
All participants	31.4	0.4	30.9	0.5	28.2	0.5	28.4	0.6	27.2	0.5	9.2	0.3
Participants in for-profit centers	37.5	0.6	25.8	0.6	32.1	0.7	21.2	0.7	29.6	0.8	10.6	0.4
Participants in nonprofit centers	24.3	0.5	36.6	0.7	23.7	0.5	36.3	1.0	24.4	0.6	7.8	0.3

NOTES: Changes in wording in the 2016 heart disease item may have contributed to a difference in estimates from earlier surveys. Cases with missing data are excluded; missing data for all conditions ranged from 11.2% for Alzheimer disease or other dementias to 14.1% for heart disease. See "Data source and methods" for details on the study and methodology. SE is standard error.
