Subject: Asbestos and Other Mineral Fibers: A Roadmap for Scientific Research, NIOSH Docket Number NIOSH-099

Hi I am interested to know if you are going to include fibreglass in your proposed study. I believe fibreglass is not in the same field as asbestos but I would appreciate your comment on whether or not it is going to be included. I presume by using the term mineral fibres you will be excluding fibreglass. What are the other mineral fibres you will be including?
