January 4, 1993

Mr. Steven Galson
NIOSH
4676 Columbia Parkway, Room C-14
Cincinnati, Ohio 45226

Dear Mr. Galson:

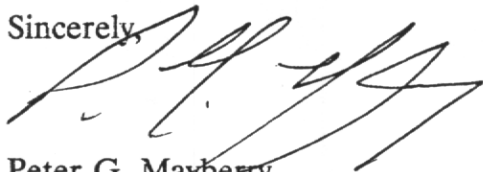

I am contacting you on behalf of INDA, Association of the Nonwoven Fabrics Industry, to request that a representative from our association be considered for membership in the task force to be established under provisions of the Worker Home Protection Act of 1993.

INDA is the internationally recognized trade association of the nonwoven fabrics industry, and nonwovens are used extensively in the manufacture of single-use protective apparel. Attached, for your information is a listing of INDA member companies.

Please feel free to contact me should you have any questions or need additional information, and please also let me know -- at your earliest convenience -- once a final list of task force members has been developed. I may be reached by telephone at (202) 434-4131, or by fax at (202) 434-4646.

Thank you.

Sincerely,

Peter G. Mayberry
Director of Government Affairs

Enclosure
