Subject: procedures for filing form for my deseased husband doe employee

good morning

i just read on a healthweb page inteli-health as a matter of fact about the employees of the the department of defense or dept of energy my husband hugh r herrick jr retired from the naval weapons station goose creek sc also called pomflant nucler missle base. hugh was an isnpector while the missles were being built exposed to everything there for 18 years then he retired.... he first retired from the navy after 21 years service an e-8 fire cotrol tech. hugh passed away from real cell carcinoma sept 27th 1999..... after a 5 year struggle fighting the disease is there any advise you could send me concerning this situation..... no one in his family had cancer i feel it was due to the exposure of all the chemicals & radiation he was exposed to for so long.... thanking you for any help you maybe to inform me furher on lauretta herrick

GOD BLESS AMERICA& MY FAMILY & FRIENDS
