

It's your life. No one  
can protect it  
better than you.

— JUDI, BREAST CANCER SURVIVOR

Judi, a cancer survivor who lives with cerebral palsy, reminds us that living with a disability does not make us immune to breast cancer. And early detection is the key to living.

If you are between the ages of 40 to 49, talk to your doctor about when and how often you should have a screening mammogram. If you are between the ages of 50 to 74, be sure to have a screening mammogram every two years.
