

Rx Awareness Radio Transcript

Candidate: Tessa

Length: 30 seconds

Tessa: I got addicted very fast.

Narrator: Tessa is in recovery from an addiction to prescription opioids.

Tessa: I was pregnant, twice, and I had used prescription opioids both times. I knew that this was something I had to stop for the sake of my children and for myself. I am more fulfilled today than I ever have been, and I know there's more to come.

Narrator: If you or someone you know is struggling, there is hope. Recovery is possible. Visit [cdc.gov/RxAwareness](https://www.cdc.gov/RxAwareness).
